ZPU
ZEMARC POWER UNIT

QUICK-SHIP MODULAR POWER UNIT

ZPU is a modular power unit solution. Features include return filters, temperature/ level switch, and built-in relief valves. Fixed-displacement options include an integrated dump valve. Variable-displacement options include adjustable pressure compensation.

ZPUs are quick-ship (as quick as two week). Comes with full support from Zemarc Engineering to customize to your application requirements.

ZPU. Versatile. Quick.
